

Compressor Oils Gulf Fidelity Oils

Product Description:

Gulf Fidelity Oils are a range of premium quality, mineral oil based compressor oils for use in reciprocating compressors and some rotary air compressors. **Gulf Fidelity Oils** are blended from high quality paraffinic base oils and special non-silicon additives to ensure very high resistance to oxidation and long service life. **Gulf Fidelity Oils** are recommended for the cylinder and crankcase lubrication of air or inert gas reciprocating compressors operating with high discharge temperatures.

Features/Benefits:

Gulf Fidelity Oils have very good oxidation stability, does not contain any silicon-additives and has less tendency for carbon deposit. **Gulf Fidelity Oils** reduces the risk of fire and explosion, has very good anti-wear properties and reduced volatility.

Recommended Applications:

Reciprocating and some rotary compressors.

Gulf Fidelity Oils					
Product Code Number	4706	4707	4708	4709	4710
ISO VG	32	46	68	100	150
Typical Data:					
Density at 15°C, kg/m ³	875	879	882	884	892
Viscosity at 40°C, mm ² /s	32	46	68	100	150
Viscosity at 100°C, mm ² /s	5.6	6.8	8.6	11.5	14.5
Flash Point, °C	>220	>220	>230	>240	>250
Pour Point, °C	-30	-24	-21	-18	-15
