

Very high performance grease for motorcycle chains.

USES

DRIVING CHAINS

ALL CONDITIONS

VERY HEAVY DUTY

- Specially designed for lubricating driving chains (all types of motorcycle).
- The perfect grease for all conditions of use (touring and racing, roads and off-road).
- Particularly recommended when the chain has to cope with very severe conditions as well as external pollution (mud, water, etc.)

CLIENTS BENEFITS

EXTENDS CHAIN LIFE

ANTICORROSION

WITHSTANDS WATER

FLUIDITY SPECIAL CONSISTENCY

RESISTS SHEAR

EASY APPLICATION

ECOLOGICAL

ECONOMICAL

- The use of Elf Moto Chain Lube extends the lifetime of the chain.
- The grease gives maximum protection against chain corrosion.
- Elf Moto Chain Lube is insoluble in water, even saline.
- The use of a special solvent means that Elf Moto Chain Lube:
 - is sufficiently fluid as it leaves the spray to be well distributed on the chain,
 - sticks very quickly, thanks to the rapid evaporation of the solvent, consistency and adherence adapted to the requirements of a motorcycle chain.
- Elf Moto Chain Lube shows very good shear resistance for maximum chain protection.
- The fluorescent yellow colour of the grease, and its special aerosol spray diffuser facilitate application.
- The solvent used in Elf Moto Chain Lube is non-toxic and the CO₂ propellant does not affect the ozone layer.
- A thin film of Elf Moto Chain Lube is sufficient.

CHARACTERISTICS

| CHARACTERISTICS | MOTO CHAIN LUBE |
|-----------------|--------------------------|
| Color | amber yellow |
| Density at 15°C | 0.794 kg/dm ³ |
| Flash point | <26°C |

The specifications in this table are averages given for information only.
